

July 2010

Fellow Owners,

Our lovely resort remains a wonderland. The staff is providing their great support. Jupiter Reef Club is thriving. For the most part everything is well.

There is one piece of bad news. A couple weeks ago a two year old child staying at Jupiter Reef Club nearly drowned. He was attended at the time by an adult and there was a nurse at the scene, which was able to assist. The boy spent the night in the hospital, returning to JRC the next day. The event was reported in the media, which disclosed the fact that JRC is remiss in some safety provisions. While this event does not appear to be a result of any negligence by JRC, the Board of Directors (BOD) will discuss security and safety issues at the August BOD meeting.

On a more positive note JRC has a new website. The website is intended to become a means for enhanced JRC communications. Also, the website will serve as a vehicle for stimulating rentals and sales. I invite you to visit the site at either jupiterreefclub.com or jupiterreefclubresort.com. Take time to explore the slide show. To get to the Owners Only page you need click on the key at the lower right hand corner and enter the password "**reef2own**". This website is a work in progress, so please forward your suggestions.

Another priority of the JRC BOD is to address the backlog of maintenance needs. We have made some staff adjustments and this appears to be helpful. We are now planning how best to use the September maintenance weeks.

Again, we invite suggestions.

There has been some concern registered by owners, guests, and staff regarding compliance with JRC rules. The BOD will address this issue in the August meeting. We propose some minor rule changes and as well as clarification of enforcement policy by staff. Proposed changes will be made available prior to the meeting for owners who want to comment. We have already increased staff presence on weekends and holidays.

The BOD meeting will be held on August 3 at 3:00 p.m. While this is a working meeting by the BOD, it is open to all owners. The agenda will be made available two weeks prior to the meeting.

Wally Siggers
President
